		8"	\$6.90	1 SQ FT = 2.55 PCS	\$17.59	0.55 LB

DESCRIPTION

Hand made of clay, Clay imports Encaustic Pattern Tile has the look and feel of cement tile. The clay tiles have the classic look of cement tiles, but are much lower maintenance with no concerns of staining or re-sealing. Whether the style is modern, traditional or contemporary, it is a great tile for any project including walls, floors, fireplace surrounds. This well crafted tile, 1/2" thick, with only a 2 mm size variation, is also significantly easier to install than cement tiles and can be done so using conventional materials and methods.

RECOMMENDED USE

- Suitable for indoor applications such as kitchen backsplashes and floors.
- Good for bathroom floors.
- Suitable for high fireplace surrounds, and decorative walls.
- This tile is not frost proof.
- This tile should not be used in pools/fountains.

TECHNICAL

- Water Absorption: 3% < 7%
